شركة ماتشينو للتجارة العالمية MACHINO WORLD TRADING

Machino World was incorporated on 1st April 2013. Although we are a young company, we have progressed very rapidly in the region due to the combined 14 years of experiences of the founders. We are geared towards supply and services to serve the energy industries covering oil & gas, petrochemicals, power stations, ship building, fabrication and construction companies in Bahrain and Saudi Arabia.

We are associated with renowned manufacturers and major suppliers from across the globe. We provide a wide range of products in spill response and containments, industrial valves, spare parts, oil and gas equipments, safety cabinets, cans and PPE products.

Machino World is an ISO 9001:2008 certified company. We are unique in terms of wide range of quality products, personalized services and competitiveness. We have built ourselves a reputation for being a preferred service provider in our area of activities due to the high quality products, delivery commitments and efficient inventory management with an excellent after sales service.

Our primary goal is to support companies ensuring that they are aware of their commitments and legal responsibilities to the environment when handling potential pollutants such as oil, gas, chemicals and fuels. We also, assist in meeting the legal and moral obligations by providing training and guidance in industrial safety regulations governed by local and international environmental protection laws which help in contributing towards a cleaner and greener environment.

Our Mission

- Total client satisfaction
- Expedited delivery
- After sales service

Our Vision

- To be the symbol of excellence and reliability in the region

JUSTRITE®

Backed by a century of flammable liquid handling expertise, Sure-Grip® EX safety cabinets offer safe, dependable flammable liquid storage and protection. All cabinets are OSHA compliant and meet NFPA Code 30, and most are independently fire tested and approved by FM Global.

Dip Tanks

Type 2 AccuFlow™ cans combine safety with maximum convenience when handling flammables.

Type 1 Safety cans are easy to fill and use—the economical choice for flammables!

Laboratory Dispensing Containers

Keep work environments safe with specially designed, code compliant cabinets for the storage of hazardous materials.

Laboratory HPLC Disposal Containers

High performance, code compliant steel cabinets accommodate paint cans, aerosols, inks, and other combustibles.
