

Premium Fabric Oil & Fuel Socks Small

Product Benefits

- Ideal for demanding environments where **fast recovery of oil based spills is essential**
- **Flexible knitted fabric** that expands quickly to increase the rate of absorption
- **Class leading absorbency** rate for superior performance
- **Dimensions:** 1200mm x 7.6cm
- **Absorbency Rate per Sock:** 4 Liter
- Item Code : SC-09-201

The **Premium Fabric Oil & Fuel Sock** is ideal for environments where the fast, effective **containment and recovery of oil based spills**.

It is constructed using a Strong tubular knitted outer fabric sleeve allows for durability, expansion and improved speed of absorption. Filled with a super absorbent polymer that retains all liquids absorbed.

Suitable for absorbing petroleum based liquids and for the selective recovery of oil from water. White oil and fuel absorbent sock ideal for use as a barrier to encircle a spill or placed around the base of drums and machinery to absorb any nuisance leaks or drips.
