

HyFlex® 11-840

Mechanical Protection

Multi-purpose

Light

Extreme durability and superior fit for precision handling in abrasive applications

DESCRIPTION

- The tough 1.1 mm FORTIX® nitrile foam coating (patent pending) offers EN Abrasion Level 4 protection, with up to two times the abrasion performance of other lightweight, knit-dipped gloves.
- The FORTIX® coating is 20% more breathable than earlier formulations, for cooler, drier hands and less sweat.
- Matching the natural contours of the hand, the snug, second-skin liner is tailored to create a more comfortable wearing experience: at the base of the little finger (added comfort), across the fingertips (superior tactility), and through the palm (greater dexterity).
- With its balance of robust abrasion performance, enhanced comfort and high dexterity the HyFlex® 11-840 is an ideal solution for workers who move between tasks.
- Silicone-free material means no transfer of silicone contaminants to metal parts prior to painting.

PRODUCT DETAILS

Construction	Knitted
Liner material	Nylon Spandex
Gauge	15
Coating material	Foam nitrile
Finishing	Palm coated
Cuff style	Knitwrist
Colour	Black and grey
EN Sizes	5,6,7,8,9,10,11,12
Length (mm)	200-270
Packaging	12 pairs in a bag; 12 bags in a carton

IDEAL APPLICATIONS

- Assembly of small & medium parts
- Feeding the lines
- General handling
- Raw materials reception
- Screwing & unscrewing
