

PRODUCT DATA SHEET

Spill Kit Chemical Standard 120 Liter' Wheeled Bin

- For spills of **Chemical based liquids**
- Complies fully with **BS 7959 and ISO 9001:2008** standards and **Fully mobile spill kit** for efficient and effective clean up
- Kit contains **absorbents** for use on everyday leaks and spills

The **Chemical 120** emergency bag spill kit is ideal for dealing with intermediate sized spills of chemical based liquids such as aggressive or hazardous fluids such as acids or alkalis.

The kit consists of cost effective **absorbents** that are manufactured from Spounbond Fabric. Ideal for all workplace spills and leaks.

The spill kit is supplied as a full kit in a poly pack that allows it to be positioned wherever required.
