

Spill Kit Oil & Fuel Standard 240 Liter' Wheeled Bin

- For spills of **Chemical based liquids**
- Complies fully with **BS 7959 and ISO 9001:2008** standards and **Fully mobile spill kit** for efficient and effective clean up
- Kit contains **absorbents** for use on everyday leaks and spills

The **Oil & Fuel 240** emergency bag spill kit is ideal for dealing with intermediate sized spills of oil based liquids such as fuels, lubricants and other hydrocarbon based products. Our oil absorbents are hydrophobic, meaning that they can be used for the selective recovery of oil from water.

The kit consists of cost effective **absorbents** that are manufactured from Spounbond Fabric. Ideal for all workplace spills and leaks.

The spill kit is supplied as a full kit in a poly pack that allows it to be positioned wherever required.
